Dear Members

Re: Relaxation of Guest Fees Policy at Swimming Pool Complex

In response to an increase in the frequency of complaints from Members regarding the increasing number of Guests as well as the unauthorized entry of non-members to the Swimming Pool Complex, with effect from last April 2016, the General Committee introduced an entrance control system and adopted a Guest fee of HK\$50 for each Guest (regardless of age) entering the Club's Swimming Pool Complex during the week (Monday to Friday before 7:00 p.m.).

Pool Checkers were introduced to administer this policy.

During this period, the General Committee has closely monitored the situation reviewing all Member's comments and suggestions. Although many Members have commented favourably that the Swimming Pool Complex is no longer occupied by non-Club Members, the policy is seen by other Members to be overly restrictive, in particular when they would like to only use the F & B facility and Children's Playground with their Guests.

As such, and after careful consideration, the General Committee has agreed to introduce a more balanced approach to providing a facility that will better meet the needs of the membership.

The following measures will be introduced with immediate effect.

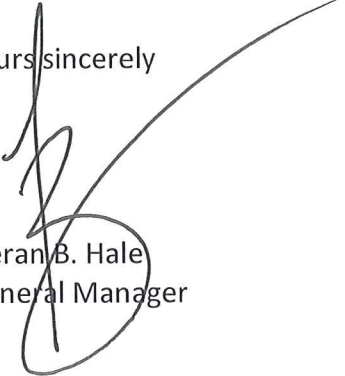

Swimming Pool Complex Guest policy:

- During weekdays, Members may invite Guests (we request Members restrict the number to no more than four Guests) into the Swimming Pool Complex to enjoy the F & B facilities and children's playground **without any charge**;
- Should a Member's Guest wish to swim in either the children's or adult pool before 7 p.m. during weekdays, the **HK\$50 'Guest Fee' will be applied**.
- Should a Guest draw or make use of a Club towel whether swimming or not, **the HK\$50 'Guest Fee' will also be applied**.
- For those Members wishing to entertain larger groups of Guests at the Swimming Pool Complex, you are requested to make prior arrangements with the Club. Please contact our Marketing and Events Department at 35118678 or by email at: events@hkcc.org for details.
- Please also be reminded that when bringing in a Guest(s), Members must accompany their Guest(s) at all times and are responsible for their conduct.

- On Saturdays, Sundays and Public Holidays, entry to the Swimming Pool Complex is restricted to Members (and their spouses, sons and daughters under 26 years of age or Nominated Guests of Single Members) and to Visiting Reciprocal Members. No other Guest may enter the Swimming Pool Complex before 7.00pm on these days except for the purpose of attending a Club or an approved Private Function.

Please note that these decisions are made with the wider membership in mind. I therefore respectfully request you act within the spirit of the rules and in the interests of all our Members.

Yours sincerely

Kieran B. Hale
General Manager
